

Dear Member,

Hope everyone is well and enjoying the last month of Autumn!

Our first Mixer-Night event will be hosted this month. The aim is to get our members together for a “meet and greet” over some nibblies and a drink. Here you can meet new friends and mingle with like-minded people in enjoyable casual surroundings.

We are hoping to hold these parties monthly and we encourage everyone who wants to attend to set up a profile. This way, if someone wants to contact you, they can do so via the members’ site. And you don’t want to miss out on a potential interest if he or she cannot find your profile!

Once again, our motto is that there really is no end to the circle of friends that you can make. And by extending your social networks, this can also create more opportunities for you to meet your future partner.

If you would like to attend one of our dinner events or reserve a spot in our first Mixer-Night, please email us at support@onplatinumclub.com. It is first in first serve, so hurry as places tend to fill up quickly.

If you need our help to set up your profile, please send us an email.

Warm regards,

The Onplatinum Club Team
