

## MARCH 2020 NEWSLETTER

Dear Member,

By now you would have already received multiple emails from various companies regarding COVID-19 and so we will try not to be repetitive with our content.

These are really challenging times and things are changing so fast. It is affecting us all in many different ways - thinking of our health, our relatives and friends, our own lives outside of work and how this will affect us.

While change can be very unsettling, it can also bring opportunity. The opportunity to stop and look at what is happening in many areas of our lives. It can be a time to reflect, assess what you have been doing, hold fast to your goals and look for alternative ways to move forward. Don't let go of your personal goals and aspirations as taking the time to fulfil your relationship goals is still important.

**We will all need to reassess the steps we take in getting to know someone new. As a member of our exclusive Club, you know that we are not about hook-ups, we are about relationships which in essence is conducive to our current practice of social distancing. We can all make great use of Skype, facetime and other forms of digital communications in getting to know someone new. Afterall, it is important to stay connected!**

### **Our launch date:**

Our live date may change depending on what transpires with this pandemic. We will continue to communicate with you and let you know when a confirmed date can be provided. We are gaining new members daily and we want to welcome everyone who has joined us since last month's communication. Once again, we are very inspired by the high calibre of people that are continuing to join OnPlatinum Club. There is clearly an ongoing demand to be part of an exclusive and successful group of individuals and our task is to ensure that the eligibility criteria is met by each member, that is our commitment to you.

We believe that our launch date will now be altered to the end of May 2020 as the impact of COVID-19 has taken priority (as it should) over the last few weeks.

**As we are still in the pre-live stage please now** take the time to set up your profiles and remember that access to other members will be limited until we go live.

Please stay safe.

Kind regards

The Onplatinum Club Team
