

To our Members of On Platinum Club

WOW, it's been one hell of a ride and I'm sure we'd all like to get off now!

As announced on Sunday, a slow return to a reopening for Victoria lies ahead...not the news that we were hoping to hear but nonetheless the news that we have to let sink in.

With that said, we know that the continuing fall in numbers is a positive sign so we can take comfort in the fact that we are finally starting to see the light at the end of the very long COVID-tunnel.

The **exciting news** (in line with the Victorian government's road map), we are introducing **'Tables for 10.'** What are these you ask?

These will be casual dinners with 10 – 12 members per table at local Melbourne restaurants. We will be giving you the opportunity to tell us if you have seen anyone that you may like to meet at these events and we will then cross-match all your choices to get the people who have expressed a mutual interest in meeting each other to the table!

We plan to hold these on a weekly basis as soon as restaurants can reopen which hopefully will now be by November!

Also, in support of all local businesses, we are asking our members to recommend some great local restaurants around Melbourne that would be suitable for this type of event. Do you have any suggestions? We would love to hear from you so if you can reply to this email with your recommendations, we would be very grateful as I'm sure the restaurant owners will be too. So far, we have received some terrific recommendations for this event.

Finally, for those that haven't set up their profile, it is vital that that this is completed in order to participate in these dinners so please take the time to create your profile as we would love to meet you! **Please note, you have already qualified for your FREE membership and this will commence from our launch date, not from the date you create your profile.**

If you require any assistance in setting up your profile, please email us at support@onplatinumclub.com.

We will keep you informed of any developments so stay tuned!

Stay safe
